

DELRIDGE PARKS DEVELOPMENT PROJECT

Wednesday, February 23, 2005

from 6:30 – 8:00 PM

Delridge Community Center

Comments received during community meeting:

Vehicles, traffic issues:

1. Include 'No Parking' signs at the plaza crossing..
2. Consider ways to keep vehicles off lawn areas – it's a continuing problem.

Program ideas:

1. Coordinate P-patch construction timing to be at the end of construction period (August-September) to allow gardeners one early harvest.
2. Review trash receptacle design to be raccoon-proof.
3. Include recycle bins.
4. Add to system of gateway columns by artist/community members – locate column at Delridge Way park entrance
5. Add to system of Legacy trail signs (built by Parks); add to plaza crossing area.
6. Include "lady bug" picnic shelter at playground
7. Include climbing rocks
8. Steel, modern Kompan play equipment is preferred over traditional plastic.
9. Relocate basketball courts closer to Delridge Way or 26th SW. or eliminate them.

Greg Davis Park:

1. Upgrade irrigation system and hook into Maxicom
2. Review amount of improvements for Greg Davis to ensure equitable share is spent there.
3. Bridge over Longfellow is in need of repair.
4. New overlook deck possible along existing trail.

P-patch ideas:

1. List of desired features has been submitted.
2. Compost and Bulk delivery areas need a concrete pad.
3. Relocate shed and add a trellis onto the side for gathering area.
4. Need to make sure there are no hidden areas; maintain clear sightlines for user safety.
5. Shed should be visible from street to deter vandalism.
